HELP EMPOWER MORE PEOPLE THAN EVER BEFORE  
WITH THE MAGIC OF ESSENTIAL OILS.

### Here's what's new in Diamond Club for 2020.

#### NO TRAVEL REQUIREMENTS

- Spreading your passion for essential oils far and wide is encouraged in Diamond Club, but this year you have the option to build in your own backyard
- Those who choose to travel can apply for Travel Reimbursements, same as in previous years

#### EASIER TO QUALIFY

- Removing the compulsory travel component means that you don't need team members spread around Australia and New Zealand for you to qualify to do Diamond Club
- Ten customers with 100+ PV Loyalty Reward Orders that process in December is what you need! We don't mind where they live.

#### INCREASED REIMBURSEMENT LIMITS

- Flying can be expensive, so the reimbursement limit for Flying Trips has been increased to \$400 per round trip, or \$200 for each leg of Travel. (Up from \$250 round trip in 2019)
- With less people travelling in Diamond Club, we expect that the overall financial commitment of our Sponsors will remain stable.
- We've also made some changes to the way we look at reimbursements which will make it easier for you to understand, and apply for your reimbursements.

#### ENROLMENT REQUIREMENTS

- Nothing changes here! Secure 18 enrolments each month from your Diamond Club events

#### EVENT REQUIREMENTS

- The number of days you need to hold Diamond Club events remains unchanged, we've just removed the compulsory travel to Out of Area locations.
- Hold events on 6 days each month anywhere in Australia or New Zealand to meet your monthly Diamond Club commitment
