dōTERRA®

PRODUCT INFORMATION PAGE

CPTG Certified Pure Tested Grade®

Application: A T N

Plant Part: Flower

Extraction Method: Steam distillation

Aromatic Description: Woody, herbal, coniferous

Main Chemical Components: Linalyl acetate, linalool

PRODUCT DESCRIPTION

A close relative to Cinnamon, Cassia has a strong, spicy aroma. It's one of the few essential oils mentioned in the Old Testament, noted for its unmistakable fragrance. Cassia is a "warming" oil which makes it a great oil to diffuse during cold weather. Due to its caustic nature, Cassia should be diluted with dōTERRA Fractionated Coconut Oil when applied to the skin and can be very strong when inhaled directly. Cassia can also be used in cooking as a replacement for Cinnamon in many recipes.

USES

Cosmetic

- Apply topically to soothe and soften dry skin.
- Combine with Lavender and add to bath water for a soothing fragrance.
- Add to shampoo or conditioner to promote healthy-looking hair and scalp.
- Apply to bottom of feet at bedtime to promote feelings of calmness and relaxation.
- Add two drops to a warm washcloth and place over closed eyes for several minutes.
- Dilute with Fractionated Coconut Oil and place on abdomen for a soothing massage.

Household

- Diffuse two drops Clary Sage, Frankincense, and Wild Orange during meditation. .
