## PRODUCT DESCRIPTION

Fractionated Coconut Oil is an absorbent and light carrier oil designed to aid in the topical delivery of essential oils. It glides easily over the skin and absorbs completely to help increase essential oil distribution. Unlike other carrier oils, Fractionated Coconut Oil is non-greasy and leaves skin feeling smooth and soft. It is colorless, odorless, and will not stain, making it the perfect carrier for every essential oil in your collection.

**Why should I add Fractionated Coconut Oil Mini to my collection?** Fractionated Coconut Oil Mini comes in a convenient travel-sized 30 mL bottle. Take the many benefits of this product on-the-go without worrying about your Fractionated Coconut Oil taking up too much space or having to fill a smaller container for travel.

## USES

### Cosmetic

- Apply topically to hydrate skin without interfering with your perfume or essential oil blends.
- Mix with calming essential oil aromas and massage into neck and shoulders for a wider area of distribution.
- Dilute stronger oils before applying topically to lessen skin sensitivity.

## DIRECTIONS FOR USE

**Topical use:** Use as a light carrier oil for topical applications of CPTG® essential oils. Dilute one part essential oil to five parts or more of Fractionated Coconut Oil depending on skin sensitivity, or as directed on essential oil label.

## CAUTIONS

Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
