DIRECTIONS FOR USE

HE washers: ¼ cap (1 tbsp)

Conventional washers: ½ cap (2 tbsp)

Use more as needed for heavily soiled loads.

Stains: Put a small amount of detergent directly on the stain. Let sit for 3–10 minutes; wash as directed. For very stubborn stains, re-apply the detergent before the garment is dry and repeat the wash cycle. After repeating wash, allow garment to dry before attempting additional stain treatment. As with any stain removal, test for colorfastness of garments in small area before treating.
