Spicy, woody

Aromatic description

PRIMARY BENEFITS

- Promotes a clear and smooth-looking complexion.
- Assists natural skin hydration.
- Supports healthy-looking skin.

PRODUCT DESCRIPTION

Copaiba, a fan-favourite essential oil, is now available in a convenient roll-on. Copaiba essential oil is derived from the resin of the copaiba tree, found in tropical South America. Since the 16th century, Copaiba essential oil has been used by the natives of north and northeastern Brazil in traditional health practices. Today the oil is often found in cosmetic products including soaps, creams, lotions, and perfumes. Copaiba Touch is a blend of CPTG® Copaiba essential oil and Fractionated Coconut Oil. It moisturises skin, and promotes a clear, smooth complexion. Copaiba contains the highest levels of -

Beta caryophyllene (BCP) among currently known essential oils. An irregular cannabinoid and sesquiterpene, BCP is a potent constituent within Copaiba essential oil. BCP selectively binds to CB2 receptors in the cutaneous endocannabinoid system (ECS) —a signaling and regulating system in the skin.

USE

Apply topically to help keep skin clean and clear. Roll on to help moisturise skin.
