## PRODUCT DESCRIPTION

Although signs of problem skin may begin in the early teens, it affects individuals of all ages, both physically and emotionally. Many individuals experience skin issues for years, trying numerous products, harsh chemicals, and abrasive treatments to obtain clear skin. dōTERRA has created a better way to address problem skin issues at their core—naturally and effectively. Introducing HD Clear, an advanced line of natural products that combine the power of CPTG® essential oils and plant extracts to produce the results you want and expect—clear, smooth skin.

HD Clear is a three-step system that works synergistically, with each product building on the next to thoroughly cleanse and purify the skin, control overactive oil glands, and deliver optimal hydration for a balanced moisture level. Derived from pure plant extracts, the ingredients in HD Clear are gentle and calming to the skin, but powerfully effective. Using HD Clear every day will help reduce breakouts; promote a clear, healthy complexion; and soothe the irritation of distressed skin. HD Clear provides a natural solution for problem skin of all ages.
