PRIMARY BENEFITS

- Acts as an effective, natural barrier
- Can be used safely by everyone in the family

PRODUCT DESCRIPTION

When it comes to outdoor protection, no defense is better than Mother Nature's offerings. Among these are essential oils which provide a vapor barrier for plants, protecting them from potential threats in their environment. TerraShield Outdoor Blend contains powerful essential oils and other plant oils known to provide outdoor protection in a natural, safe way. This newly updated formula contains a select blend of essential oils including Ylang Ylang, Cedarwood, Catnip, Lemon Eucalyptus, Litsea, Arborvitae, Nootka, and Vanilla Bean Absolute—all of which possess specific chemical compounds known to protect against environmental annoyances. The addition of Tamanu oil provides added support and through dōTERRA's Co-Impact Sourcing®, the harvesting of Tamanu oil is positively affecting the livelihood of harvesters in Madagascar. Now available in both a 15mL bottle and new 30mL sprayer, TerraShield Outdoor Blend is a powerful yet safe formula that can be used by every member of the family, outdoors and throughout the home.

USES

- Apply TerraShield to the legs, arms, and neck before going outdoors or diffuse on your patio.
- Take TerraShield on camping trips or to outdoor events.
- Spray TerraShield around your door, window seals, and tent.

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of your choice.

Topical use: Apply to desired areas before outdoor activity. Reapply every few hours as needed.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
