Moms deserve the best!

Pamper your mom this Mother's Day with dōTERRA's exquisite gift set that is specially designed with Moms in mind.

When Mom gets up in the morning, she can use **Patchouli** essential oil to provide balance and grounding effects on her emotions throughout the day!

Mom deserves to look ever-glowing! She can incorporate **Geranium** essential oil into her skincare routine to promote smooth, supple skin. It also helps to ward off free radicals and harmful UV rays.

If she is on-the-go or working on household chores, she can use **Balance** essential oil with the **dōTERRA SPA Hand & Body Lotion** to balance her emotions, bring harmony and tranquillity while moisturizing and softening her skin.

Crying children tug at her heartstrings. To help children cope with the distress, apply **Roman Chamomile** essential oil to the bottoms of their feet to calm them down and soothe their souls. Diffuse the oil in the room to help create a peaceful and relaxing atmosphere for everyone.

Allow Mom to enjoy a relaxing bath with the fresh, invigorating scent of the **Refreshing Body Wash** when she feels sluggish after a long day. This is the perfect way to end her day by providing a rich cleansing and aromatic spa experience.

Terms & Conditions:

- All promotional items are available from 16th April until 15th May 2018, on a first-come, first-served basis, subjected to availability and while stocks last.
- The Mother's Day Gift Set is only applicable for dōTERRA Wellness Advocates.
