## Primary Benefits

- + Provides a warming sensation to the skin.

## Description:

For hundreds of years, Oregano has been known as one of the most potent and beneficial essential oils. A primary chemical component of Oregano is carvacrol, a phenol, which makes it one of the most multifaceted and powerful essential oils in the world. Additionally, Oregano should be diluted with a carrier oil when applied to the skin. Oregano's aroma acts as an enhancer and equalizer in essential oil blends.

## Uses

- + For targeted skin application, mix 1-2 drops with ~10 drops carrier oil

## Directions

**Topical:** General cosmetic use, apply to desired area. For targeted skin application, mix 1-2 drops with ~10 drops carrier oil.

## Cautions

Only use diluted. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, nose, face and sensitive areas. For external use only.
