ALPHA CRS+

Cellular Energy Complex

PRODUCT DESCRIPTION

dōTERRA's Alpha CRS+ Cellular Energy Complex is a propriety formula combining botanical and nutrients involved in the production of energy within the body. Formulated to be used daily with xEO Mega® or Microplex VMz®.

Alpha CRS+ Cellular Energy Complex is a proprietary formulation with Coenzyme Q10 and Alpha lipoic acid which are vital for the production of energy in the body, have antioxidant activity and can regenerate other antioxidants. The polyphenol, resveratrol provides further antioxidant properties, which can assist in protecting the body from the damaging effects of free radicals.

The cellular longevity polyphenol blend found in Alpha CRS+ includes herbal extracts of scutellaria root containing baicalin, *Fallopia japonica* - resveratrol, pomegranate - ellagic acid, grape seeds- proanthocyanidins, milk thistle-silymarin and curcumin derived from turmeric root. The blend also includes a proprietary blend of boswellic acid and bromelain protease enzyme and the botanical extract of Gingko.
