PRODUCT DESCRIPTION

dōTERRA Alpha CRS[®]+ Cellular Vitality Complex is a propriety formula combining natural botanical and nutrients involved in the production of energy within the body. Alpha CRS[®]+ is formulated to be used daily with xEO Mega[®] or Microplex VMz[®] as a comprehensive dietary supplement foundation.

dōTERRA Alpha CRS[®]+ Cellular Vitality Complex is a proprietary dietary supplement formulated with Coenzyme Q10 and Alpha lipoic acid which are vital for the production of energy in the body, have antioxidant activity and can regenerate other antioxidants. The polyphenol, resveratrol provides further antioxidant properties, which can assist in protecting the body from the damaging effects of free radicals. Vitality means feeling younger not just living longer.

The cellular longevity polyphenol blend found in Alpha CRS[®]+ includes herbal extracts of scutellaria root containing baicalin, *Fullopia japonica*- resveratrol, pomegranate - ellagic acid, grape seeds- proanthocyanidins, milk thistle- silymarin and curcumin derived from turmeric root. The blend also includes a proprietary blend of boswellic acid and bromelain protease enzyme and the botanical extract of Gingko.

Alpha CRS[®]+ is formulated to be used daily with xEO Mega[®] and Microplex VMz[®] as a comprehensive dietary supplement foundation. Coupled with dōTERRA CPTG[®] essential oils and a Wellness lifestyle care program including eat right, exercise, rest and manage stress, reduce toxic load, informed self-care and proactive health care, Alpha CRS[®]+ may help support you and your goals to feel, and live younger.
