Aromatic description

PRIMARY BENEFITS
• Promotes a clear sensation on inhalation
• Provides an uplifting aroma

PRODUCT DESCRIPTION
Douglas Fir is a conifer that grows natively throughout North America. This tall, evergreen fir tree is frequently used in the Christmas tree industry and has a lemon-scented note that’s sweet and refreshing. dōTERRA Douglas Fir essential oil is sustainably sourced from young trees in New Zealand, where it is a highly invasive species threatening the country’s ecosystem. By harvesting young Douglas Fir trees and using them for essential oil, dōTERRA is helping combat the environmental impact of the trees overtaking the land while providing a premium conifer essential oil.

Douglas Fir essential oil has a unique chemical composition that’s particularly rich in beta-pinene, contributing to its fresh and clear aroma and can be used to cleanse the skin and blending Douglas Fir essential oil with citrus oils will create an uplifting environment and refreshing aroma.
