PRODUCT DESCRIPTION

dōTERRA's EO Mega®+ is a special formula of wild-caught fish EPA + DHA omega-3 fatty acids, combined with CPTG Certified Pure Tested Grade® Wild Orange.

It supports heart, eye and brain health while acting as a source of dietary EPA+ DHA - important omega 3 fatty acids.

Essential Fatty Acids (EFAs) are nutrients required for many functions in the human body. While some fatty acids can be produced inside the body, "essential" fatty acids cannot be produced by our bodies; therefore, we rely on the food we eat to supply these important nutrients. EO Mega®+ contains omega 3 fatty acids.

WILD ORANGE ESSENTIAL OIL

CPTG Certified Pure Tested Grade® Wild Orange essential oil is included to enhance the user experience, reducing fishy odour while contributing to various health benefits because of its limonene content.
