MICROPLEX VMz®

Food Nutrient Complex

PRODUCT DESCRIPTION

dōTERRA's Microplex VMz® Food Nutrient Complex is a formula of bioavailable vitamins and minerals that maybe deficient in our modern diets.

Microplex VMz® also contains minerals including calcium, magnesium, and zinc, which play a role in the maintenance of healthy bone. Microplex VMz® contains the dōTERRA tummy tamer botanical blend of Peppermint, Ginger and Caraway.

Microplex VMz® Food Nutrient Complex contains nutrients involved in the growth and function of cells. It provides a blend of essential antioxidant vitamins, C and E; an energy complex of B vitamins in a glycoprotein matrix; and vitamin D. It also contains nutrients essential for carbohydrate, lipid and protein metabolism and the minerals Calcium, Magnesium and Zinc. Adequate dietary calcium is needed and throughout life to help maintain strong, healthy bones. Vitamin D helps calcium absorption and a diet deficient in calcium can lead to osteoporosis in later life.

Microplex VMz® provides vitamin and mineral, for times when dietary intake is insufficient. The formula is encapsulated in sodium lauryl-sulfate free capsules and does not contain wheat or milk products. It also contains the dōTERRA tummy tamer blend of Peppermint, Ginger and Caraway seed botanical extract.

Formulated to be used daily with Alpha CRS+ xEO Mega®.
