Description

The doTERRA Bubble Salt Diffuser is a small motion-activated diffuser that captures the soft beauty of salt crystals with its beautiful, snow-white exterior. Designed to hibernate until it detects movement, the diffuser's infrared motion sensor activates at a 4 meter range and 120-degree field of view, ready to release your favorite essential oil or blend into the air whenever someone enters the room.

This wintery diffuser bundle comes with two 5 mL bottles of Holiday Love, an essential oil blend that invites a warm and welcoming atmosphere into your space with its woody yet sweet aroma. As you gather together with friends and family, allow the lovely scent of Holiday Love to fill your home with the comforting essence of the holidays.

Use

Twist a bottle of Holiday Love essential oil blend into the doTERRA Bubble Salt Diffuser to enjoy a warm, festive aroma throughout the holiday season.
