

**CPTG** Certified Pure Tested Grade<sup>®</sup>

Deep Blue<sup>®</sup> Stick | 48 g

60220136

## Primary Benefits

- + Delivers temporary relief of aches and pains of muscles and joints associated with simple backache, sprains, strains, and arthritis
- + Infused with Deep Blue<sup>®</sup> essential oil blend of CPTG Certified Pure Tested Grade<sup>™</sup> essential oils
- + Includes moisturizing emollients that leave your skin soft and non-greasy
- + Creates a cooling and soothing sensation

## Description

Infused with Deep Blue<sup>®</sup> essential oil blend, the Deep Blue Stick provides targeted, temporary relief from aches and pains of muscles and joints. This new topical analgesic comes in a convenient, mess-free solid, no handwashing or clean-up required.

NPN: 80111485

Formulated with plant-based menthol, methyl salicylate, and camphor, this easy-to-use stick glides on smoothly while providing a cooling sensation on the skin. Meanwhile, moisturizing, plant-based emollients leave your skin looking soft and not greasy. Thanks to its sleek design and portability, this stick is an indispensable addition to your bathroom cabinet or gym bag. Quick absorbing so it can be applied before, during, or after a workout, the Deep Blue Stick is soothing, convenient, and effective.

## Uses

- + Temporarily relieves aches and pains of muscles and joints associated with one or more of the following: Simple backache, lumbago, strains and sprains (involving muscles, tendons, and/or ligaments) and arthritis.

## Directions

**Topical use:** Apply thinly and evenly to affected area up to 3-4 times per day. Rub and/or massage into skin until solution vanishes.

**For children and adolescents 2-12 years:** Application should be supervised by an adult.

**Cautions and Ingredients follows on next page.**

## Cautions

For external use only. Avoid contact with eyes or mucous membranes. If contact occurs, rinse thoroughly with water. Do not apply to wounds or damaged skin. Do not bandage tightly after application. Do not apply with external heat, such as an electric heating pad, as this may result in excessive skin irritation or skin burn. Consult a healthcare provider prior to use if you are pregnant or breastfeeding or if you are taking anticoagulant medications. Keep out of reach of children. Call a Poison Control Center immediately if accidental ingestion occurs. Stop use and consult a healthcare provider if hypersensitivity/allergy, rashes, an/or burning discomfort occur, or if symptoms worsen or re-occur within a few days. Stop use and get medical help right away if you experience pain, swelling, or blistering.
