50 g

6022221

---

## Primary Benefits

- + Delivers SPF 40 broad-spectrum (UVA/UVB) protection in an easy-to-use stick
- + Decrease the risk of skin cancer and early skin aging caused by the sun when used as directed with other sun protection measures
- + Nourishes and moisturizes with minimal visible residue
- + Contains non-nano zinc oxide, shea butter, jojoba, cocoa butter, and vitamin E
- + Contains NO parabens, phthalates, oxybenzone, or synthetic fragrances
- + Moisturizes skin with minimal visible residue
- + Provides water-resistant sun protection for up to 80 minutes

## Description

Formulated with non-nano zinc oxide, the Face + Body Mineral Sunscreen Stick delivers lightweight SPF 40 UVA/UVB broad spectrum protection. With the benefits of plant-based ingredients like shea butter and cocoa butter—coupled with a blend of CPTG® essential oils, including Carrot Seed, Frankincense, and Helichrysum—this sunscreen stick protects and hydrates the skin from head to toe.

This formula is oxybenzone-, paraben-, and phthalate-free, as well as vegan-friendly, reef-safe, and cruelty-free. The sunscreen stick is packaged in a twist-up tube that fits comfortably in the hand. Made for everyday use by every age\*, dōTERRA sun has you covered.

## Directions

Apply liberally 15 minutes before sun exposure. Reapply at least every two hours. Retains SPF after 80 minutes of activity in the water, sweating, or perspiring.

**Sun Protection Measures:** Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a broad-spectrum SPF value of 15 or higher and other sun protection measures including: limit time in the sun, especially from 10 a.m. - 2 p.m. / 11 a.m. - 3 p.m.; and wear long-sleeved shirts, pants, hats, and sunglasses.

## Cautions

For external use only. Do not use on broken skin. When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water. Stop use and consult a doctor or health care professional if rash occurs. Keep out of reach of children. If swallowed, call a poison control center or get medical help right away.

**Children under 6 months of age:** ask a doctor before use.
