

CPTG Certified Pure Tested Grade®

dōTERRA sun Face | Mineral Sunscreen
Daily Spray (NHP)
50 mL

60222209

Primary Benefits

- + Delivers SPF 30 broad-spectrum (UVA/UVB) protection
- + Decreases the risk of skin cancer and early skin aging caused by the sun when used as directed with other sun protection measures
- + Contains NO parabens, phthalates, oxybenzone, or synthetic fragrances
- + Hydrates and moisturizes the skin

Description

The best sunscreen is the one you look forward to using every day. That's why we created the dōTERRA sun Face Mineral Sunscreen Daily Moisturizer. This mineral-based, broad-spectrum SPF 30 moisturizer helps protect from sunburn while moisturizing your skin. It has a lightweight formula that absorbs quickly, with no white-cast, and makes your complexion look so fresh and hydrated, you might not even want to apply makeup.

A blend of Frankincense, Helichrysum, Magnolia, Ylang Ylang, and Lemongrass provides a delightful aroma that makes adding this important step in your daily routine a pleasure. Using non-nano zinc oxide that cannot be absorbed through the skin, dōTERRA sun Face Mineral Sunscreen Daily Moisturizer is reef-safe, vegan-friendly, and free from parabens, phthalates, oxybenzone, and synthetic fragrances.

Directions

Apply liberally 15 minutes before sun exposure. Apply to all skin exposed to the sun. Use a water-resistant sunscreen if swimming or sweating. Reapply at least every 2 hours.

Sun Protection Measures: Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a broad-spectrum SPF value of 15 or higher and other sun protection measures including: limit time in the sun, especially from 10 a.m. - 2 p.m. / 11 a.m. - 3 p.m.; and wear long-sleeved shirts, pants, hats, and sunglasses.

Cautions

For external use only. Do not use on broken skin. When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water. Stop use and consult a doctor or health care professional if rash occurs. Keep out of reach of children. If swallowed, call a poison control center or get medical help right away.

Children under 6 months of age: ask a doctor before use.
