

## Description

Essential fatty acids are crucial nutrients for maintaining overall wellness. Because the body can't produce these essential nutrients on its own, they must be obtained through diet. That's where EO Mega+™ comes in, filling this nutritional gap by providing a convenient source of essential fatty acids to support cardiovascular health, cognitive health, and brain function.\*

EO Mega+ is a premium blend of omega fatty acids derived from wild-caught fish off the coast of Norway, providing a reliable and traceable source of fish oil. Each daily serving of three softgels provides 2,100 mg of fish oil, containing 900 mg of essential omega-3 fatty acids, including 800 mg of omega-3 fatty acids EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid). Each softgel also contains CPTG Certified Pure Tested Grade® Wild Orange essential oil to enhance the user experience by providing a pleasant and palatable Wild Orange flavour.

### Application:

EO Mega+™ | 90 Softgels

60229955

## Primary Benefits
