PRODUCT DESCRIPTION

Fractionated Coconut Oil is a carrier oil that readily absorbs into the skin, making it an ideal oil for topical delivery. Its feather-light emollient effect provides a soothing barrier and is excellent for dry skin. It leaves skin feeling silky smooth and non-greasy, unlike other vegetable carrier oils. Fractionated Coconut Oil is completely soluble with all essential oils and is colorless, odorless, and will not stain.

USES

- Apply topically to hydrate skin without interfering with your perfume or essential oil blends.
- Mix with calming oils and massage into neck and shoulders to promote deeper relaxation.
- Dilute stronger oils with coconut oil before applying topically to lessen sensitivity.

DIRECTIONS FOR USE

Topical use: Use as a light carrier oil for topical applications of CPTG® essential oils. Dilute one part essential oil to five parts or more of Fractionated Coconut Oil depending on skin sensitivity, or as directed on essential oil label.

CAUTIONS

Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
