PRODUCT DESCRIPTION

Live the cozy life with the exclusive Hygge™ essential oil blend and the Hygge Diffuser. Hygge, pronounced hoo-gah, is the practice of finding joy in everyday moments and being content with life. The dōTERRA Hygge Diffuser instantly creates a cozy and comfortable atmosphere thanks to its beautiful, frosted glass top and warm flickering light.

When diffusing Hygge oil, you can surround yourself with the aroma of fresh oranges, earthy woods, and sweet vanilla. Together, both blend and diffuser reflect the Scandinavian concept of hygge in creating a warm and pleasant environment. With just a few drops of Hygge essential oil and the push of a button, you can transform your home into a sanctuary—a place of contentment where you can delight in the simple pleasures of life.

*See diffuser manual and product label for cautions and instructions.
