Description

Take time to slow down and centre yourself with our nature-inspired gift bundle featuring the **Lumist Natural Diffuser + Shinrin-Yoku 15 mL**. This perfect duo allows you to enjoy the tranquility of the forest without ever leaving home.

Designed to elevate any space with ease, the motion-activated Lumist Natural Diffuser releases a refreshing burst of aroma as you enter the room. Shinrin-Yoku essential oil blend is formulated with a blend of CPTG® essential oils that contain the same wellness-promoting compounds found in forest air, letting you create a calm and grounding atmosphere anytime, anywhere.

Directions

Flip the Lumist diffuser upside down and screw in the 15 mL bottle of Shinrin-Yoku essential oil. Turn it right side up, press the power button, and enjoy the calming aroma.

Cautions

Lumist Natural Diffuser

- + It is normal for the mist volume to vary with the type of essential oil used.
- + Use of chemical fragrances, spices, or impure essential oils may cause product damage.
- + Essential oils with high viscosity, including essential oils that contain Fractionated Coconut Oil, will cause the diffuser not to mist properly. If the diffuser has difficulty misting the essential oil, follow the "Cleaning and Maintenance" to clean away the essential oil from the Oil Tank.
- + Leave the essential oil bottle in the diffuser until completely dispensed, and the diffuser stops spraying. Changing the essential oil bottle before this will cause the oil to spill.
- + When essential oil is inside the Oil Tank, essential oil may leak when the diffuser is stored or placed at an angle or turned upside down, which will cause product damage.
