PRODUCT DESCRIPTION

Much of the busy lives we lead are closed off indoors and attached to technology. However, spending time outside in nature without distractions, such as walking among the towering trees of a wooded forest, can enrich our life experience and help create a sense of personal welfare. In Japan, this practice has a name: shinrin yoku or “forest bathing.” dōTERRA captures the aromatic experience of shinrin yoku with Midnight Forest, a proprietary essential oil blend containing distinctive tree terpenes and other grounding aromas that produce a fresh and fragrant forest aroma right to your home. Immerse yourself in nature anytime with Midnight Forest.

Why should I add Midnight Forest to my collection?

Midnight Forest produces a piney, woody aroma that invites the fresh aroma of the outdoor forests, indoors. Siberian Fir, Black Spruce, and Wild Orange essential oils in Midnight Forest help create a tranquil, grounding environment while the inclusion of Frankincense creates a calm, peaceful atmosphere when diffused or when applied topically.

USES

Cosmetic

- Apply one drop to your toothbrush before brushing teeth to freshen breath.
- Apply two drops topically to the skin to create a calming, relaxing environment.
- Combine two drops with Fractionated Coconut Oil for a soothing massage.

Household

- Diffuse to create a clear and fresh environment.

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of choice.

Topical use: Apply one to two drops to desired area. Dilute with a carrier oil to minimize any skin sensitivity. See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor’s care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas. Avoid sunlight and UV rays for at least 12 hours after applying product.
