

Peppermint Softgels (NHP)

dōTERRA® | CANADA

Product Information Page

Description

The dōTERRA Peppermint Softgels encapsulate CPTG Certified Pure Tested Grade™ Peppermint essential oil in a coated softgel that contains high levels of menthol from the best quality peppermint. The enteric coating of the dōTERRA Peppermint Softgels takes longer to dissolve than other capsules, allowing the softgel to deliver its benefits when and where they are intended. NPN: 80097355

Why should I add Peppermint Softgels to my collection? Taken internally, the Peppermint Softgels can aid in digestion (stomachic) and help to relieve flatulent dyspepsia (carminative) as well as help relieve nausea and vomiting. The unique enteric coating allows the softgel to dissolve slowly and pass through the stomach to deliver its benefits with the maximum effectiveness.

Peppermint Softgels (NHP) | 60 Softgels

60210247

Primary Benefits

- + Traditionally used in Herbal Medicine to aid in digestion (stomachic) and help relieve flatulent dyspepsia (carminative)
- + Traditionally used in Herbal Medicine to help relieve nausea and vomiting

Directions

Adults and adolescents 15 and over, take 1 softgel, 1-3 times per day. For children and adolescents 10-14 years, take 1 softgel once per day. For best results, take 30-60 minutes before meals.

Cautions

Consult a healthcare practitioner/healthcare provider/healthcare professional/doctor/physician if symptoms persist or worsen. Consult a healthcare practitioner/healthcare provider/healthcare professional/doctor/physician prior to use if you are pregnant or breastfeeding or have gallstones or anemia. Consult a healthcare practitioner/healthcare provider/healthcare professional/doctor/physician prior to use if you have hiatus hernia or gastroesophageal reflux. Some people may experience gastroesophageal reflux. Stop use if hypersensitivity/allergy occurs. Do not use if safety seal is missing or broken. Store in a cool dry place.
