dōTERRA™ | EUROPE

PRODUCT INFORMATION PAGE

PRIMARY BENEFITS

- Key ingredient in many dōTERRA blends, including dōTERRA Balance and Deep Blue.
- Blue Tansy's mellow and slightly fruity scent has specific uplifting properties that help create a positive atmosphere.
- Along with its countless applications, Blue Tansy may provide a soothing sensation when applied to the skin.
- Used in manufacturing for its natural fragrance and as a natural dye for its valued indigo colour.

PRODUCT DESCRIPTION

Blue Tansy, also referred to as Moroccan Tansy, is an annual yellow-flowered Mediterranean plant found in northern Morocco. This Tansy flower has a chemical makeup your skin will crave! Chamazulene, a chemical component in Blue Tansy, gives it its characteristic indigo colour. This essential oil is also known to benefit the skin. Add to a hot bath, use with your favourite skin care products or simply massage into skin!

USES

- Apply Blue Tansy to minor skin irritations for a soothing effect.
- Include 1 or 2 drops in lotion for a restoring massage after a long, hard day or extreme workout.
- Add a drop to your favourite moisturiser or cleanser and apply topically.

THE GOOD KIND OF BLUES

Did you know? Blue Tansy is a key component in dōTERRA Deep Blue! The soothing properties of Blue Tansy, like the dōTERRA Deep Blue product line, help to soothe and cool the body after prolonged activity or an intense workout. Massage into skin with Fractionated Coconut Oil or lotion after a long day of work or intense exercise to aid the body in the natural recovery process.

DIRECTIONS FOR USE

Topical: For massage, mix 5 drops with 10 ml carrier oil. For bath, mix 5 drops with 5 ml carrier oil. For perfuming, mix 1 drop to 10 drops carrier oil. For topical use only.
