PRIMARY BENEFITS

- Regarded as one of the most useful essential oils with countless applications and benefits.
- A versatile oil, Copaiba can be used topically.
- Woody, resinous and earthy fragrance.
- Can be combined with a carrier oil or facial moisturiser to help support healthy-looking skin.

PRODUCT DESCRIPTION

Copaiba essential oil comes from a fragrant tropical tree native to South America. Since the 16th century, copaiba essential oil has been utilised in traditional health practices by the natives of north and northeastern Brazil. Copaiba oil is widely used in cosmetic products including soaps, creams, lotions, and perfumes because of its ability to promote a clear, smooth complexion. Apply topically combined with a carrier oil or a facial moisturiser to help keep skin clean and clear, and to help reduce the appearance of blemishes.

USES

- Add Copaiba to your daily moisturiser to enhance the appearance of healthy-looking skin.
- After strenuous activity, apply Copaiba with Fractionated Coconut Oil to the legs for a soothing massage.

COPAIBA: A PERSONAL FRAGRANCE

Use Copaiba as part of your own, personalised fragrance! Oils that blend well with Copaiba essential oil include Roman Chamomile, Cedarwood, Sandalwood, Frankincense, or Ylang Ylang. Choose your favourite of these oils, or pick your own, and create your own personal fragrance blend in a roller bottle! After you've created your fragrance, simply fill the rest of the bottle with Fractionated Coconut Oil.
