dōTERRA™ | EUROPE

PRODUCT INFORMATION PAGE

CPTG™

PRODUCT FEATURES

- One-, two-, and four-hour settings, even when using the highest mist output.
- Up to 8 hours on lowest mist output.
- Reaches up to 30 square metres.
- Optional, mood light settings: Dim, bright warm, lavender.

PRODUCT DESCRIPTION

Turn any space into a luxurious retreat with dōTERRA Laluz™. This sculptural diffuser creates ultrasonic vibrations, transforming water and essential oils into an aroma-infused mist. The Laluz is more than just a diffuser – it's a sleek design statement for your home. Laluz has up to eight hours of runtime and three ambient light settings to match whatever mood you're in. Plus, with its modern design, it's sure to complement the aesthetic of any room in your house.

FILLING YOUR DIFFUSER

- Use clean, room-temperature tap water. Make sure the water level does not exceed the water mark.
- Add 5–12 drops of dōTERRA essential oils. You can add more oil for a stronger scent. Experiment with the amount of oil you use and find what works best for you.

CLEANING YOUR DIFFUSER

Cleaning is a necessary step to ensure that oil residue doesn't build up in your machine, preventing it from working properly. Periodically, it is a good idea to run your diffuser through a cleaning cycle. If you use your unit every day, then running a cleaning cycle monthly is a good idea. To do so, do the following:

1. Fill your diffuser half way with clean water.
2. Add 10 drops of white vinegar.
3. Let the diffuser run for about 5 minutes to allow the water-vinegar mixture to disperse throughout the unit and clean it.
4. Drain the diffuser completely.
5. Using a cotton swab dipped in vinegar, clean the tight spots and corners of the diffuser.
6. Rinse with clean water.
7. Use a dry cloth to wipe the diffuser and dry it thoroughly.
