  - Chloride contributes to normal digestion by production of hydrochloric acid in the stomach.
- **Magnesium**
  - Magnesium contributes to normal energy-yielding metabolism.
  - Magnesium contributes to electrolyte balance.
  - Magnesium contributes to the maintenance of normal bones.
  - Magnesium contributes to normal muscle function.

## PRODUCT DESCRIPTION

MetaPWR™ Recharge is an exclusive blend of electrolytes, botanical extracts and minerals to promote lasting hydration at a cellular level. It's formulated with ginseng together with a unique marine multi-mineral complex. Sourced from rare red algae found only in Iceland and Ireland, this complex delivers essential trace nutrients absorbed from the sea during the algae's growth phase. This formulation ensures optimal cooperation between water and cells, making hydration effortless. With a liquid format, it quickly disperses into water for convenient and immediate hydration.

## USES

- Use daily along with a whole foods diet and regular exercise for desired results.
- Take in conjunction with the complete MetaPWR™ System to live your most powerful life.
- Read all caution and warning statements before use.

## DIRECTIONS FOR USE

Shake sachet to activate. Empty liquid concentrate into 470 ml of cold water and enjoy.

## CAUTIONS

Keep out of reach of children. Do not exceed recommended daily dose. Food supplements must not replace a varied and balanced diet and healthy lifestyle. Pregnant or nursing women and people with known medical conditions should consult a physician before using. Store in a cool, dry place.
