PRIMARY BENEFITS

- A delicious, easy-to-use product for children and adults.
- PB Assist+ is a family-friendly probiotic blend with a prebiotic and 13 different strains to PB Restore™.
- Delivers seven billion AFU (active fluorescent units) at the time of use, representing live cultures.
- Contains prebiotic FOS inulin.
- Provides microencapsulated probiotic strains to ensure they reach your gut through microencapsulation for efficient delivery.

PRODUCT DESCRIPTION

Formulated for the whole family, PB Assist+™ ProBiome offers a distinct blend of various genera, species, and strains of prebiotics and probiotics. With a combination of 13 probiotic strains and one prebiotic fibre – fructooligosaccharides (FOS) – PB Assist+ supports the colonisation of the microorganisms that help to ensure a healthy gut. What sets PB Assist+ apart is the microencapsulation of its live cultures, ensuring their survival through the stomach to reach the gut alive, where optimal conditions foster their flourishing. With 7 billion AFUs (Active Fluorescent Units) delivered in live probiotic cultures and soluble prebiotic FOS, PB Assist+ promotes the growth of friendly bacteria, providing essential support for a healthy gut microbiome.

USES

- Although a wonderful addition to your routine, food supplements must not replace a varied and balanced diet and healthy lifestyle.
- Read all caution and warning statements before use.
- Do not exceed the recommended dosage.

DIRECTIONS FOR USE

Take one sachet a day. Don't mix with hot beverages. Pour the contents of the sachet directly into your mouth or mix with 120 ml of water, juice, or your preferred cool beverage and drink immediately. The contents can also be mixed with cold foods such as yoghurt, smoothies, or breakfast cereal. Store in a cool, dry place.

CAUTIONS

Keep out of reach of children. Do not exceed recommended daily dose. Food supplements must not replace a varied and balanced diet and healthy lifestyle. Pregnant or nursing women and people with known medical conditions should consult a physician before using.
