

PRODUCT FEATURES

- Rechargeable battery, so you don't have to worry about finding a nearby plug socket.
- Customisable output – four-hour continuous and up to eight hours of intermittent diffusion.
- Comes with a convenient carrying case.
- Responsibly created, incorporating eco-friendly materials.
- Includes 24-month warranty.

PRODUCT DESCRIPTION

Introducing the Pilōt™ diffuser, available in black as part of the limited time offer Forest Breeze Kit. Convenient and mess-free, Pilōt is perfect for smaller spaces. Rechargeable, with four-hour continuous diffusion or up to eight hours of intermittent diffusion, the Pilōt diffuser allows the user to customise the release of CPTG Certified Pure Tested Grade™ essential oils into the air. The diffuser's compact, neutral design complements every setting. Pilōt comes with a dual-port USB 2.4A car adapter for easy recharging, as well as a carrying case for travel.

FILLING YOUR DIFFUSER

- Use clean, room-temperature tap water. Make sure the water level does not exceed the water mark.
- Add 5–12 drops of dōTERRA essential oils. You can add more oil for a stronger scent. Experiment with the amount of oil you use and find what works best for you.

CLEANING YOUR DIFFUSER

Cleaning is a necessary step to ensure that oil residue doesn't build up in your machine, preventing it from working properly. It is a good idea to periodically clean your diffuser. To do so, do the following:

1. Fill your diffuser half way with clean water.
2. Add 10 drops of white vinegar.
3. Let the diffuser run for about 5 minutes to allow the water-vinegar mixture to disperse throughout the unit and clean it.
4. Drain the diffuser completely.
5. Using a cotton swab dipped in vinegar, clean the tight spots and corners of the diffuser.
6. Rinse with clean water.
7. Use a dry cloth to wipe the diffuser and dry it thoroughly.

CAUTIONS

See diffuser manual for cautions and instructions.
