

Vetiver Touch

Vetiveria zizanioides 10 ml

dōTERRA™ | EUROPE

PRODUCT INFORMATION PAGE

PRIMARY BENEFITS

- Warm, sweet, woody and earthy aroma.
- Grounding and calming when applied topically.
- Used at night to promote a soothing, restful environment.
- Commonly used in massages for its calming properties.
- Combined with Fractionated Coconut Oil to condition and hydrate the skin.

PRODUCT DESCRIPTION

Vetiver possesses a complex and exotic fragrance that is rich and appealing. Extracted through steam distillation from the sturdy roots of a tall grass, Vetiver is often referred to as the “fragrance of the soil” and “oil of tranquillity”. This oil is widely recognised for its calming and grounding benefits. To create Vetiver Touch, dōTERRA expertly blends Vetiver essential oil with Fractionated Coconut Oil, designed to be used ahead of rest or as part of a nurturing skincare regimen that conditions and hydrates. Unlike its essential oil counterpart, its aroma is milder, and it comes with a convenient roller for easy application.

USES

- Roll onto wrists, temples, neck or feet to create feelings of calm and rest.
- Feel stable and grounded by incorporating Vetiver Touch into your daily skincare routine.
- Use as part of a comforting after-workout massage.

DIRECTIONS FOR USE

For topical use only. Roll on to skin for perfuming and skin care or massage.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If pregnant or under a doctor’s care, consult your physician. Avoid contact with eyes, inner ears and sensitive areas.
