

Yuzu

Citrus junos 5 ml

dōTERRA™ | EUROPE

PRODUCT INFORMATION PAGE

CPTG™

Ingredients: Citrus Junos Peel Oil, Limonene*, Linalool*.

PRIMARY BENEFITS

- The inspiring aroma of yuzu is sparkly, fresh and fruity, similar to a blend of grapefruit and mandarin.
- Blends well with Grapefruit, Lime, Lemon, Tangerine and other citrus essential oils.
- Yuzu is popular in the cosmetics and perfume industry for its exotic, citrus scent and beneficial qualities.
- May promote a positive environment.

PRODUCT DESCRIPTION

dōTERRA Yuzu oil is steam distilled from the peel of the fruit, producing a bright, zesty, citrus and faintly floral aroma. The oil is derived from the yuzu tree, a hardy hybrid that produces unique yellow citrus fruit that resembles oranges or tangerines with uneven skin. Of East Asian origin, yuzu was used for years in ritualistic hot baths in Japan as early as the 18th century and is rich in antioxidants. It is naturally high in limonene compared to other citrus oils and can help promote brighter-looking skin. Bathing in the fruit was believed to treat the skin, warm the body and refresh the mind.

USES

- Blend with Fractionated Coconut Oil and enjoy in a soothing massage.
- Include a few drops in a warm, relaxing bath.
- Use as part of your skin-supporting beauty regimen to promote radiant-looking skin.
- Wear as an exotic, rich evening scent or add to a floral roller blend for a citrus-inspired fragrance.

DIRECTIONS FOR USE

For massage, mix 5 drops with 10 ml carrier oil. For bath, mix 5 drops with 5 ml carrier oil. For perfuming, mix 1 drop to 10 drops carrier oil. For topical use only.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. Consult your doctor if pregnant or in treatment. Avoid sunlight and UV rays for at least 12 hours after applying product.

*Naturally occurring oil compounds
