

Welcome to dōTERRA

dōTERRA®
pursue what's pure®

dōTERRA in Latin means
Gift of the Earth

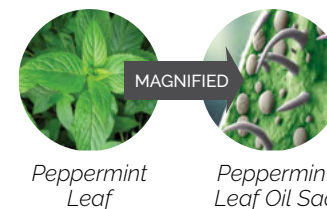

In the spring of 2008, dōTERRA was formed to bring a new standard of therapeutic essential oils to the world. Today, dōTERRA has customers in 86 countries around the world. Our customers enjoy pure, safe, effective, and ethically-sourced essential oils.

dōTERRA essential oils provide natural, convenient, and effective solutions to your family's health needs, including immune, metabolic, and digestive wellness.

What is Essential Oil?

You have most likely already experienced some essential oils—wintergreen in gums, melaleuca in hair products, and peppermint in toothpastes.

In nature, essential oils are found in plants

Peppermint Leaf

Peppermint Leaf Oil Sac

Extraction Process

The plants' essential oils help the plant adapt to its ever-changing environmental threats and providing beneficial properties. We capture those benefits in a bottle. Lavender essential oil, for example, is widely used for soothing skin irritations and promoting a restful environment.

Why use natural solutions?

Natural solutions such as essential oils have been used since ancient times across various civilizations. They represent medicinal knowledge accumulated over thousands of years. The benefits of essential oils are further reinforced by modern scientific studies.

When you use natural solutions such as essential oils, you'll have fewer toxic, synthetically manufactured products in your life and home.

Why dōTERRA? Purity Matters

"The essential oil market is flooded with products that are unsafe and adulterated. But at dōTERRA, we are raising the standard of purity beyond what any other essential oil company is doing."

—Dr. Osguthorpe, Chief Medical Officer

To be safe and effective, essential oils must have the proper chemical profile and also be free of any impurities or adulterations.

dōTERRA's essential oils are **not** synthetically created. Every oil is extracted from plants grown in ideal regions of the world to maximize the oil's benefits.

dōTERRA oils safety and consistency standards are so **trusted** that hospitals, universities, and other research organizations use our oils in their scientific studies.

Certified Pure Therapeutic Grade® (CPTG) Most Tested. Most Trusted.

dōTERRA tests each batch of essential oil, including 3rd-party testing, to make sure that you are receiving the purest and highest quality oil every time.

The tests included in the CPTG protocol include:

- Organoleptic testing
- Mass Spectrometry
- Gas Chromatography
- Microbial testing
- Fourier Transform Infrared Spectroscopy (FTIR)
- Chirality testing
- Isotopic analysis
- Heavy metal testing (as needed)

*single oils only. See labels of blended oils for a list of
single oils the blend contains.
*excludes promotional items.

Deep Blue

"Deep Blue is my best friend. I use Deep Blue in massage to help with recovery after workouts."

Tim Hightower, NFL Running Back

DigestZen

"For years, DigestZen has helped me and my children maintain healthy digestion. Research shows the stomach and intestines are the second brain, which is why this unique combination of oils brings 'zen' to your heart and mind."

Monica Hsiung

On Guard

"dōTERRA On Guard oil is a mom's best friend! I keep a little shot glass near our kitchen sink as a reminder to gargle and swallow a drop of dōTERRA On Guard oil to help support healthy immune function and soothe dry or scratchy throats. I also diffuse it in my home during the winter for months."

Natalie Rigby

Lavender

"My family and I have become huge fans of lavender. This essential oil is wonderful for relieving occasional stress and promoting natural relaxation. Lavender works especially well in supporting a healthy and natural sleep."

Todd Julien

Lemon

"Lemon works well for cleaning up the sticky messes on carpets, clothes, and any other place our children decide to leave 'tracks.' The oil fills our house with an uplifting and energizing aroma that everyone in the family enjoys."

Dave Whitworth

Peppermint

"If you're working out after a hard day at work like I used to, then try rubbing a few drops of dōTERRA Peppermint essential oil into your temples at the hairline. It's very invigorating! I feel much more refreshed, and the energizing, crisp Peppermint smell helps me stay on target and makes my workout more enjoyable."

Karen Lee Bundy

Frankincense

"A sage once said: 'When you don't know which essential oil to use, use Frankincense!' I use it daily during my meditation. Its calm, deep woody aroma instantly presses the pause button for my mind. It's also the undisputed 'King of Synergy'—able to bring out a magical 1+1>2 effect when paired with any other essential oil. Truly, the King of Oils is truly remarkable!"

Cō-Impact Sourcing Program— Source the best. Help the Most.

The Dual Purpose of Cō-Impact Sourcing:

- To preserve the natural resources and environments used to produce our products.
- To give back to the communities that provide our raw resources—blessing lives on both sides of the bottle.

dōTERRA works directly with growers and distillers to eliminate costly third parties, and to provide them with the resources, tools, and training necessary to ensure a long-lasting partnership.

Healing Hands Program

Our mission is to empower people and communities worldwide to make a positive change

- Anti-human trafficking
- Clean water & sanitation
- Disaster relief
- Empowering women
- Global health
- Self-reliance
- Supporting children
