

# PB Assist® Jr

## PRODUCT DESCRIPTION

PB Assist Jr is a powdered probiotic supplement designed for children or adults who have trouble swallowing pills. It includes 5 billion live cells of a unique blend of six different probiotic strains, specifically selected for their benefits among children. These probiotics have been blended into a delicious powder that can be poured directly into the mouth daily.

## PRIMARY BENEFITS

- Provides 5 billion live cells of 6 strains of friendly flora selected for both their unique stability at room temperature as well as their remarkable ability to survive the harsh extremes of acidity, alkalinity, and digestive enzymes in the digestive system

## DIRECTIONS FOR USE

Consume the contents of one sachet a daily. Pour contents of sachet directly into mouth or mix with 4oz of water, juice, or preferred beverage and drink immediately. Do not mix with hot water. It can also be mixed with cold foods such as yogurt, smoothies, breakfast cereal, etc.

## FAQS

### Q. What is the difference between PB Assist® Jr and PB Assist+?

A. PB Assist+ delivers six different probiotic strains in a unique double-layer vegetable capsule and is specifically designed for adults. PB Assist Jr contains probiotic strains that were specifically selected for their benefits among children and delivers them as a delicious powder in a convenient stick pack. These strains also have documented benefits for adults so people of all ages can safely take PB Assist Jr and enjoy digestive and immune health. PB Assist Jr is also a great alternative for those who have difficulty swallowing capsules.
