

RevitaZen+[®] | Advanced Organ Detoxification Complex
Dietary Supplement
30 Dual-Chamber Capsules

Primary Benefits

- + Supports healthy liver function
- + Promotes kidney health and filtration, according to preclinical research
- + Aids digestion and colon health, according to preclinical research
- + Helps the body eliminate toxins more efficiently
- + Provides antioxidant support to reduce oxidative stress
- + Helps support a healthy inflammatory response during periods of stress, like when toxins build up
- + Is designed for safe, gentle daily detoxification

Description

RevitaZen+ is an advanced supplement complex that's safe to take every day to support the liver, kidneys, and colon—key organs involved in the body's natural detoxification processes. Each dual-chamber capsule delivers clinically studied botanicals—including black cumin, milk thistle, and artichoke—with RevitaZen™ Detoxification Blend and Cumin essential oil. Together, these powerful ingredients help maintain optimal organ function and support the body's natural ability to manage internal and environmental stressors. Unlike harsh cleanses that can disrupt digestion or trigger unwanted elimination, RevitaZen+ works with your body to help it do what it was designed to do.

Formulated without dairy, soy, and wheat, as well as tested for heavy metals, pesticides, and microbials.

Directions

Take 1 capsule with a meal 1–2 times daily as needed.

Cautions

Keep out of reach of children. If you're pregnant, nursing, or under a doctor's care, consult your physician. Store in a cool, dry place.
