Volume + Button/ Volume - Button

There are five levels of volume. The default volume level is level 3.

1. With the music on, press the V+ button repeatedly to increase the volume up to level 5.
2. With the music on, press the V- button repeatedly to decrease the volume until volume is completely off.

Cautions

1. It is normal for vapour volume to vary with the type of water and essential oil used, humidity, and/or air temperature.
2. Use of chemical fragrances, spices, or impure essential oils may cause product damage.
3. Clean the unit after each use. Use tap water, spring water, or distilled water for washing and a soft cloth for wiping.
4. The diffuser will turn off automatically when the water level becomes too low.

Safety

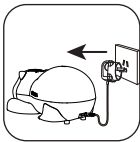

Please follow the safety instructions below while using the product:

1. Only use the product for the intended purpose.
2. Use only the Power Adapter included in the package.
3. Do not drain the water from the Air Outlet.
4. When storing the diffuser or relocating it, turn the power off, unplug the diffuser, empty the Water Tank and clean the product.
5. Turn off the diffuser immediately if there is any smoke or burning smell.
6. Do not exceed the Max Water Level Marker.
7. Place the diffuser on a flat and solid surface instead of uneven and/or unstable ones like carpets or rugs etc.
8. Refill with tap water, spring water, or distilled water. Do not use mineral water.
9. Do not move the product during its operation. Pull the Power Adapter instead of the cord to unplug.
10. Do not use this appliance near water.
11. Do not place the product in direct sunlight or close to a refrigerator, a fan, or other hot environment.
12. This product should not be operated by children unless supervised by an adult.
13. This product is not meant for medical purposes. DO NOT inhale the vapor directly from the Mist Outlet.
14. Only use essential oils that are suitable for diffusing in the diffuser. Always read the Directions for Use on the bottle.

KEEP OUT OF REACH OF CHILDREN

Cleaning and Maintenance

Before cleaning, turn the unit off and unplug the Power Adapter. When emptying the Water Tank, pour water from the opposite side of the Air Outlet.

Clean the Water Tank and Mist Plate at least twice a week.
Clean the Mist Plate in the Water Tank with a cotton cloth and neutral cleanser.
Wash it with clean water and wipe it dry with cloth.

Warning: Use of corrosive or harsh chemicals may cause damage. Essential oil should not come in contact with the exterior surface of the unit.
