

Petitgrain

Citrus aurantium 15 mL

dōTERRA | ISRAEL

PRODUCT INFORMATION PAGE

CPTG Certified Pure Tested Grade™

Petitgrain has a variety of historical uses supported by emerging scientific evidence.

Plant Part: Leaf, twig

Extraction Method: Steam distillation

Aromatic Description: Fresh, floral, slightly herbaceous

PRIMARY BENEFITS

- internal use may promote relaxation

Petitgrain

Citrus aurantium 15 mL

PRODUCT DESCRIPTION

Petitgrain essential oil is derived from the bitter orange tree, which has a long history of use in traditional health practices. Historically, Petitgrain essential oil has been used for cleaning purposes. Emerging scientific evidence provides support for these traditional and other uses. There are three essential oils derived from the bitter orange tree. Petitgrain is distilled from the leaves and twigs of the tree, Neroli essential oil is distilled from the blossoms, and Bitter Orange oil is produced by cold pressing the rinds of the fruits. Petitgrain is widely used in the perfume industry, giving body sprays, fragrances, lotions, and colognes a fresh, herbaceous note that is popular among both women and men. By sourcing Petitgrain from Paraguay through our Co-Impact Sourcing initiative, dōTERRA is able to support needed rural community development projects and provide diversified income for small-scale farmers. This approach provides an economically viable alternative to clear-cutting land, dramatically helping to protect the remaining patches of the Atlantic Rainforest in eastern Paraguay.

USES

- Diffuse for a calming and relaxing aroma. Blends well with other citrus oils, Cassia, Cinnamon, Eucalyptus, Geranium, and Lemongrass.
- Before going to bed, add a few drops of Petitgrain along with Lavender or Bergamot to pillows and bedding for its aromatic benefits.
- Add one to two drops to water or juice and drink.

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of choice.

Internal use: Dilute one drop in four fluid ounces of liquid.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
