

Pink Pepper

Schinus molle 5ml

dōTERRA® | ISRAEL

PRODUCT INFORMATION PAGE

CP TG Certified Pure Tested Grade®

Native to South America, the Pink Peppercorn tree has tiny red or pink berries that are distilled into an essential oil. Pink Pepper is calming and has a pleasantly spicy and fruity aroma popular in perfumes.

Aromatic Description: Spicy, fruity, slightly woody

Extraction Method: Steam distillation

Plant Part: Fruit

Main Constituents: Limonene,
α-Phellandrene, Myrcene

PRIMARY BENEFITS

- Pink Pepper is a relaxing oil that is used aromatically to support mood.

Pink Pepper

Schinus molle 5 ml

PRODUCT DESCRIPTION

Pink Pepper essential oil comes from the berries of the Pink Pepper or Molle tree, a fragrant evergreen native to Peru and other parts of South America. A popular ingredient in fine perfumes. Despite its name, Pink Pepper is unrelated to the common spice black pepper (*Piper nigrum*) and is actually part of the same family as the cashew tree. Pink Pepper is a relaxing oil that is used aromatically to support mood. The calming influence you feel when inhaling this oil is due to the Limone, one of the main chemical components of the oil. dōTERRA Pink Pepper is sourced in Kenya and Peru through Co-Impact Sourcing®, which provides economic opportunity and fair pricing to small scale farmers and harvesters.

USES

- Combine 1 ml Pink pepper with 1 ml dōTERRA Fractionated Coconut Oil for a soothing massage
- Inhale or diffuse to promote feelings of alertness
- Blend with citrus or floral oils to create an invigorating aroma.

DIRECTIONS FOR USE

Aromatic use: Use three to four drops in the diffuser of choice.

Topical use: dilute 1 drop of pink pepper oil in 1 ml dōTERRA Fractionated Coconut oil to minimize any skin sensitivity.

See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
