

Sandalwood

Santalum album 5ml

dōTERRA® | ISRAEL

PRODUCT INFORMATION PAGE

CPTG Certified Pure Tested Grade®

Sandalwood is a name given to a class of fragrant woods that, unlike other aromatic woods, can retain their fragrance for decades.

Plant Part: Wood

Extraction Method: Steam distillation

Aromatic Description: Woody, dry, sweet

PRIMARY BENEFITS

- Promotes healthy-looking, smooth skin
- Reduces the appearance of skin imperfections
- Creates a positive atmosphere
- Provides a grounding, meditative aroma

Sandalwood

Santalum album 5 ml

PRODUCT DESCRIPTION

Both the wood and oil have been highly valued for centuries and Sandalwood has a documented history of many applications. It was traditionally used as an incense in religious ceremonies and for enhancing meditation, and the Egyptians used sandalwood for embalming. Sandalwood is very beneficial to the skin; it can help reduce the appearance of skin imperfections and it promotes a healthy, smooth complexion. Sandalwood has a sweet, woody aroma that is frequently used in meditation for its grounding aroma.

USES

- Add one to two drops to face, cover with a towel, and hover over a large bowl of steaming water for an at-home steam facial.
- Inhale directly from palms or diffuse for a calming aroma.

DIRECTIONS FOR USE

Aromatic use: Add three to four drops to diffuser of choice.

Topical Use: Add one drop of Sandalwood to 10 ml dōTERRA Fractionated Coconut oil

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
