

XtraMint™ Toothpaste

dōTERRA®
Product Information Page

XtraMint™ | Toothpaste

Whitening • Natural Ingredients • Remineralizing
125 g Tube

Primary Benefits

- + Provides hydroxyapatite which may help to whiten teeth
- + Delivers the XtraMint™ blend of Peppermint, Japanese Mint, Bergamot Mint, and Spearmint essential oils for crisp, clean flavor
- + Includes hydrated silica and calcium carbonate which are natural polishing agents

Description

Crisp and refreshing, dōTERRA XtraMint Toothpaste helps freshen breath and clean gums while whitening and remineralizing teeth. Featuring the dōTERRA XtraMint blend of CPTG® Peppermint, Japanese Mint, Bergamot Mint, and Spearmint essential oils, the toothpaste contributes to a routine that supports oral health naturally. Brushing teeth twice a day with dōTERRA XtraMint Toothpaste, along with good dental care, can help reduce cavities and plaque formation. Fluoride-free dōTERRA XtraMint Toothpaste uses hydroxyapatite, a naturally occurring compound of calcium and phosphorus. Emerging research indicates hydroxyapatite may help to whiten teeth. dōTERRA XtraMint Toothpaste contains hydrated silica and calcium carbonate to gently polish teeth, making them glossier and whiter to brighten any smile. The clean mint flavor makes brushing a pleasant and satisfying way to start and end each day.

Vegan-Friendly • No Artificial Colors or Flavors • Fluoride-Free.

Directions

Brush thoroughly at least twice per day, or as directed by your dentist or physician. For children under 2 years old, consult your family physician.

Cautions

Use only as directed. Keep out of reach of children.
