dōTERRA® AROMA CLIP DIFFUSER

SEE DETAILS BELOW.

This essential oil aroma clip diffuser is a great way to freshen up your car interior smell with your favourite CPTG® essential oil or blend. Add a few drops of your favourite essential oil to the pad in the clip before attaching it to a car vent. The sleek design of the clip allows for the air to flow through and disperse the scent. You can try different oils or oil combinations depending on your mood.

- Sleek unobtrusive design
- Easily clips into a car vent

DIRECTIONS FOR USE

Gently remove diffusing core from casing and add a few or more drops of desired essential oil directly to the core. Replace diffusing core into the casing and clip diffuser to the desired location. Refresh with additional drops of oil as needed.

CAUTIONS

KEEP OUT OF REACH OF CHILDREN.

If using on a heating vent avoid handling diffuser for 5-10 minutes after the heater is turned off.
