- This natural diffuser works by soaking up your favourite CPTG® essential oil
- No flames and no electricity are needed
- Best placed in smaller areas of your home or in areas like powder rooms, wardrobes, your car, your bedside table or work desk

DIRECTIONS FOR USE

- Simply fill it with your favourite dōTERRA essential oil or blend, letting it soak in
- Repeat 2-3 times for your first time and repeat as needed

TIPS:

- You can change the fragrance by waiting until the oil you have in it completely dissipates, then you can use whatever other essential oil you would like
- How much oil you use and how often you top it up will depend on the oil you are using
- You can revive your diffuser pod by giving it a wipe with some dōTERRA Fractionated Coconut oil – using a cloth to wipe off any excess
- Best placed in smaller areas of your home or in areas like powder rooms, wardrobes, your car or on your bedside table or work desk
