

Citronella

Cymbopogon winterianus 15 mL

dōTERRA®

PRODUCT INFORMATION PAGE

Oil Attribute Panel: A T S

Plant Part: Leaf

Extraction Method: Steam distillation

Aromatic Description: Slightly sweet, floral, rosy, lemon-like

Main Chemical Components: Citronellal, geraniol

PRIMARY BENEFITS

- Natural pest repellent
- Cleans surfaces
- Emotionally uplifting and stress reducing
- May be soothing to the scalp

PRODUCT DESCRIPTION

From the leaf of a tall grass native to Asia, Citronella essential oil has a crisp, fresh aroma. With powerful pest repellent benefits, Citronella oil keeps creepy-crawlers out of the house and off your skin and clothing. It is an ideal companion for camping, hiking, and trips to the great outdoors. The oil works by masking the human fragrances that insects find appealing. Oil components include citronellal and geraniol, which are good for cleaning surfaces in and outside the home. When inhaled, Citronella promotes happy, positive feelings. Applied topically, it can be soothing to the skin.

USES

- Diffuse to ward off insects, especially mosquitoes.
- Apply to skin with Fractionated Coconut Oil for use as a topical insect repellent.
- Add three to four drops in water to clean surfaces.
- Diffuse to promote a cheery, optimistic environment.

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of choice.

Topical use: Apply one to two drops to desired area.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, and sensitive areas.
