Main Chemical Components: Citronellol, citronellyl formate, geraniol, guaiadene, menthone

PRIMARY BENEFITS

- Promotes the appearance of clear, healthy skin
- Naturally repels insects
- Gives hair a vibrant, healthy glow

PRODUCT DESCRIPTION

A member of the *Pelargonium* genus, geranium is grown for its beauty and is a staple of the perfume industry. While there are over 200 different varieties of *Pelargonium* flowers, only a few are used as essential oils. Uses of Geranium essential oil date back to ancient Egypt when Egyptians used Geranium oil to beautify skin and for other benefits. In the Victorian era, fresh geranium leaves were placed at formal dining tables as decorative pieces and to be consumed as a fresh sprig if desired. As an essential oil, Geranium has been used to promote the appearance of clear skin and healthy hair—making it ideal for skin and hair care products. The aroma helps calm nerves and lessen feelings of stress. Geranium is also known to naturally repel insects.

USES

- Add a drop to your moisturizer for a smoothing effect.
- Geranium is great for both dry and oily hair. Apply a few drops to your shampoo or conditioner bottle, or make your own deep hair conditioner.
- Diffuse aromatically for a calming aroma.

DIRECTIONS FOR USE

Diffusion: Use three to four drops in the diffuser of choice.

Topical use: Apply one to two drops to desired area. Dilute 1 drop of essential oil to 10 drops of carrier oil to minimize any skin sensitivity. See additional precautions below.

CAUTIONS

Possible skin sensitivity. Keep out of reach of children. If you are pregnant, nursing, or under a doctor's care, consult your physician. Avoid contact with eyes, inner ears, face, and sensitive areas.
