

dōTERRA a2z Chewable™

PRODUCT DESCRIPTION

dōTERRA a2z Chewable is a proprietary formula of ingredients developed with children and adults who have difficulty swallowing capsules in mind. Combining a blend of B vitamins with a blend of vitamins A, C, and E, as well as botanical extracts, dōTERRA a2z Chewable supports healthy cell development and longevity when taken daily.* dōTERRA a2z Chewable is formulated to be used with dōTERRA Wild Orange-flavored IQ Mega™ Omega-3 fish oil as a comprehensive dietary supplement that supports healthy immunity and cognitive function as well as antioxidant protection.*

CONCEPT

Cellular stress is predominately from free-radicals that attach to other healthy molecules and can cause damage. Cells are equipped to defend against free radical damage by employing electron-rich molecules called antioxidants like vitamins A, C, and E and others (such as those in the superfood and Alpha CRS®+ blends) to neutralize free-radical molecules.* In addition to providing exogenous antioxidant protection against free-radical damage, the polyphenols in dōTERRA a2z Chewable also support endogenous production and recycling of antioxidants made by the body.* dōTERRA a2z Chewable also supports healthy cell function by providing antioxidant protection to cellular DNA.*

In addition to antioxidants, dōTERRA a2z Chewable includes a cellular energy blend of B vitamins, which are important metabolic factors of cellular energy.* A growing body of evidence shows no matter how much we eat, we are obtaining less of the essential nutrients vital for optimal health than we have in the past. dōTERRA a2z Chewable provides a balanced, high-quality supplement formulated to provide the essential micronutrients known to support optimal vitality and wellness that may be insufficient in your or your child's diet.* dōTERRA a2z Chewable is ideal for children as well as adults that prefer chewable tablets. The chewable tastes great and is perfect for those looking to increase their consumption of essential nutrients and antioxidants that support healthy cell development and longevity.*

PRIMARY BENEFITS

- Safe for children 4 years of age and older and adults who prefer a chewable to capsules
- Easy to chew
- Great strawberry flavor
- No high fructose corn syrup, artificial colors, sweeteners, or flavors
- Contains a superfood blend that helps support overall health and wellness
- Formulated with dōTERRA's proprietary Alpha CRS®+ Blend
- A balanced blend of essential vitamins including the antioxidant vitamins A, C, and E, and a cellular energy complex of B vitamins*
- Includes a blend of bioavailable minerals including calcium, magnesium, zinc, copper, and manganese
- Specially formulated to be used daily with IQ Mega® as a comprehensive dietary supplement foundation for a lifetime of vitality and wellness*

DIRECTIONS FOR USE

Children 4 years of age and older: Take 2 tablets daily with meals. Adults may take up to 3 tablets daily.

CAUTIONS

Pregnant or nursing women and people with known medical conditions should consult a physician before using. Do not use if safety seal is broken or missing. Does not contain gluten, dairy, wheat, soy, eggs, or nut products. For children under 4, consult a physician before using this product.

WARNINGS

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

FAQs

Q: The label says 4 years and older. Can a child younger than 4 take dōTERRA a2z Chewable?

A: Yes. Children 2–4 can safely take one chewable per day.

Q: At what age should a child switch from dōTERRA a2z Chewable to dōTERRA Daily Nutrient Pack™?

A: The Daily Nutrient Pack was formulated for those 12 and older, or at least 100 lbs. a2z Chewable will meet the needs of most children.

Q: Should I be concerned about my child getting too much iron?

A: The recommended daily intake for children 4–9 years old is 10 mg. The 5 mg found in two dōTERRA a2z chewable tablets is safe for children to take. Depending on iron intake from the diet, this amount will help insure the child gets what is needed. The additional 5 mg will not contribute any negative effects due to iron. The upper limit for iron is 40 mg/day for children and the body has a mechanism to turn off iron absorption once the body's stores are full. The product has a child safety cap and should be kept out of reach of children so a child will not consume too many tablets at once.

Q: Is dōTERRA a2z Chewable GMO and gluten free?

A: Yes, dōTERRA a2z Chewable are GMO and gluten free.

Q: Is dōTERRA a2z Chewable better than the multivitamin gummies I can buy at the grocery store?

A: dōTERRA a2z Chewable provides 100 percent of the daily value for 10 vitamins, while delivering minerals plus a superfood blend and Alpha CRS+ blend. Most multivitamin gummies only contain a few vitamins and very little minerals if any. Additionally, dōTERRA a2z Chewable provides less sugar than common multivitamin gummies.
