

Clearify™

Essential Oil Blend 15 mL

dōTERRA®

PRODUCT INFORMATION PAGE

Application: A | N

Aromatic Description: Fresh and Sweet

Ingredients: Litsea Oil, Tangerine Oil, Grapefruit Oil, Frankincense Oil, Cardamom Oil

KEY INGREDIENTS AND BENEFITS

- Promote feelings of clear breathing
- Cleansing and purifying to the air
- Uplifting and energizing aroma

PRODUCT DESCRIPTION

As populations grow and industries expand in large metropolitan areas of the world, so does the risk of exposure to airborne germs and toxic pollutants. Although masques and air filters can help minimize exposure to these toxic pressures, it is increasingly difficult to eliminate all respiratory contact with toxins in the air. dōTERRA Clearify contains Litsea and Tangerine, known for its cleansing and purifying properties, as well as the energizing and uplifting aroma of Grapefruit. Clearify also includes Frankincense for its calming and relaxing aroma, and Cardamom to promote feelings of clear breathing. Clearify can be safely diffused at home or at work to cleanse and purify the air.

DIRECTIONS FOR USE

Diffuse in home or office all day, every day. Use lightly for day-to-day air maintenance and increase aromatic volume during seasonal challenges. One drop may also be added to air filters and masques.

CAUTIONS

When diffusing, a very light aroma in a room is ideal. If you experience any discomfort with eyes or respiratory track, decrease the amount being diffused. For aromatic use only, not for topical or internal use.
