

Copaiba Touch

Copaifera Essential Oil 10 mL Roll-on

dōTERRA[®]

PRODUCT INFORMATION PAGE

PRODUCT DESCRIPTION

Copaiba, a fan-favorite essential oil, is now available in a convenient roll-on. Copaiba essential oil is derived from the resin of the copaiba tree, found in tropical South America. Since the 16th century, Copaiba essential oil has been used by the natives of north and northeastern Brazil in traditional health practices. Today the oil is often found in cosmetic products including soaps, creams, lotions, and perfumes. Copaiba Touch is a blend of CPTG[®] Copaiba essential oil and Fractionated Coconut Oil. It moisturizes skin, and promotes a clear, smooth complexion. Copaiba contains the highest levels of β -caryophyllene (BCP) among currently known essential oils. An irregular cannabinoid and sesquiterpene, BCP is a potent constituent within copaiba essential oil.

USES

- Apply topically to help keep skin clean and clear.
- Roll on to help moisturize skin.
