

Melissa Touch

Melissa officinalis 10 mL Roll-on

dōTERRA®

Product Information Page

Description

Melissa officinalis, also known as lemon balm, is part of the mint family (Lamiaceae). A fast-growing, perennial herb, its small, white, nectar-filled flowers are especially appealing to honey bees. A rare oil with many benefits, Melissa has a sweet, fresh, citrus-like fragrance. The oil has long been used to help create a relaxing, comforting environment. dōTERRA blends Fractionated Coconut Oil with the oil from Melissa blossoms to create Melissa Touch. Apply to fill your senses with this delightfully intriguing aroma.

Uses

- + Apply to skin to use as a personal fragrance.
- + Roll on to diffusing jewelry
- + Rub in palms and inhale deeply.

Directions for Use

Aromatic Use: Roll on to diffusing jewelry, natural dolomite, or lava diffusing rocks.
