

Frankincense Boswellic Acid Complex

dōTERRA®
Product Information Page

Frankincense Boswellic Acid Complex |
30 Microbead Capsules

Primary Benefits

- + Supports joint comfort and mobility
- + Promotes healthy inflammatory responses in the body and joints
- + May protect against oxidative stress, according to preclinical research[†]
- + May support cellular health and renewal, according to a case study and preclinical research[†]
- + May have a protective effect on the musculoskeletal and nervous systems, according to preclinical research[†]
- + May regulate genes associated with healthy inflammatory responses and promotes joint comfort, as suggested by genetic analysis of *Boswellia serrata* extract standardized to AKBA

[†]More confirming clinical research is needed.

Description

Frankincense Boswellic Acid Complex combines Frankincense essential oil and Frankincense resin in a liquid-based microbead capsule. It contains a standardized 60% concentration of AKBA (acetyl-11-keto-beta-boswellic acid), a compound extracted from *Boswellia* resin known to aid a healthy inflammatory response. Frankincense Boswellic Acid Complex is formulated to support joint comfort, provide antioxidant support and protection, and—according to preclinical research—support healthy cellular function.

Directions

Take 1 or more capsules daily as needed with food.

Cautions

Keep out of the reach of children. Pregnant or nursing women and people with known medical conditions should consult a physician before using. Don't use if safety seal is broken or missing. Store in a dark, cool, dry place.

Ingredients

Frankincense resin oil, frankincense resin extract, extra virgin olive oil, hypromellose, microcrystalline cellulose, mixed tocopherols, annatto seeds powder, silicon dioxide, calcium carbonate, spirulina, zinc oxide
