

On Guard® Natural Cleansing Toothpaste

dōTERRA®
Product Information Page

Description

dōTERRA fluoride-free Natural Cleansing Toothpaste combines the protective benefits of the proprietary On Guard blend of CPTG® essential oils with other natural ingredients that help clean teeth, and with gentle polishing agents that whiten teeth.

The On Guard blend of Wild Orange, Clove, Cinnamon, Eucalyptus, and Rosemary essential oils provides an extra cleaning boost. Additional essential oils of Peppermint and Wintergreen, and the natural sweetener xylitol, give On Guard Natural Cleansing Toothpaste a refreshingly unique cinnamon-mint flavor that leaves your breath—and toothbrush!—fresh and clean throughout the day.

Hydroxyapatite, a naturally occurring substance, is an oral care ingredient with experimental research to indicate its ability to help remineralize and restore enamel. Hydroxyapatite helps make teeth feel stronger, smoother, healthier, and less sensitive to hot or cold.

Hydrated silica is a natural abrasive that helps remove tooth stains, but is gentle enough to not damage tooth enamel.

Directions for Use

After flossing, apply a pea-size amount of paste to moistened toothbrush. Brush gently but thoroughly, preferably after each meal and in the morning and at night, or use as directed by a dentist or physician.

Cautions

Use only as directed. Keep out of reach of children.
